

Your purchase of **Monastery Country Cheese** helps support the life of prayer, work and worship at Our Lady of the Angels Monastery. It is a life that reaches beyond the cloister to embrace the joys and sorrows, needs and intentions of all the human family.

We are deeply grateful for your faithfulness, friendship and generosity. You are a part of our life here, and our being a part of your life is a blessing for us. *God bless you!*

We make our Gouda with a native Dutch recipe and cheese culture shipped fresh from Wisconsin. The milk is heated and the culture is added to produce curds, which are cut by hand, packed in forms (called hoops), and pressed. The finished cheeses are immersed in salt brine, then cured in a refrigeration room where we turn and inspect them daily.

During the first four days of production, a special rind is handpainted on each cheese. This allows the cheese to breathe while it ages. During the natural process of aging, the cheese takes on a richer flavor and color, ranging from soft yellow to a deep gold. Prior to shipment, we dip each cheese in a protective red wax coating.

All this work is done by the Sisters and some wonderful friends: cheese-making, packaging and shipping, as well as mail-order marketing. The Grade A milk is purchased through **DAIRY FARMERS OF AMERICA** and delivered fresh from a farm of contented grass-fed cows.

Nestled in the foothills of the Blue Ridge Mountains, **Our Lady of the Angels Monastery** is the youngest house of the Cistercian (Trappist) Order in America. Having inherited the Benedictine tradition of combining prayerful work with the work of prayer, we began making cheese in 1990.

Each batch starts with fresh whole milk from grass-fed cows that have the good fortune of pasture-living. In return for fresh air and green grass, the dairy cow produces milk with extra nutrition and well-documented health benefits. Add Old World techniques developed in the Netherlands, and the goodness of this natural health beverage is captured in our handmade Gouda cheese.

Monastery Country Cheese is a semi-soft, mild and mellow Dutch-style Gouda available in 2 pound wheels. With its red wax coating and black-and-gold foil label, this wholesome cheese is an attractive holiday or hostess gift – and a healthy treat for your own table!

TIPS FOR ORDERING

- Please provide us with your phone number and/or email address, in case we have questions about your order.
- Shipping to a business address (when possible) usually means faster delivery
 and the advantage of having someone available to receive the package.
- Since demand exceeds supply during the holidays, the cheese usually sells out well before Christmas. Orders received by <u>Thanksgiving</u> are given priority.
- We don't ship cheese during the hot summer months of June-July-August.
 Orders received during this time will be sent as soon as the weather cools in September.
