

THANK YOU, LORD!

Our Constitutions talk about our Trappist-Cistercian life as being “ordinary, obscure and laborious”. We have nothing we can boast of in the standards of our contemporary society, but we have it all—God is ours! And so, the simple words “Thank you, Lord”, are so often in our hearts and our lips. For the *beauty of this place*, for our community, our families, and friends and, above all, for your life given for us, thank you, Lord, always thank you!

What are you thankful for?
